DETAILED ACTION

1. Claims 3-5 are pending in the Application, claims 1-2 have been cancelled by the Applicant.

Specification

2. The specification has been checked to the extent necessary to determine the presence of all possible minor errors. However, the applicant cooperation is requested *in* correcting any errors of which the applicant may become aware in the specification.

Reason for allowance

3. Claims 3-5 are allowed. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed ORGANIC EL DISPLAY having the limitations:

-- " at least one passivation layer; at least two overcoat layers, the at least two overcoat layers having Young's moduli different from one another;

a color layer, further comprising color-converting layers alone or laminates of color filter layers and color-converting layers;

and a supporting transparent substrate, the color layer being formed on a side of the supporting transparent substrate facing the organic electroluminescent device; wherein the at least two overcoat layers are laminated onto a second-electrode side of the organic electroluminescent device, and one of the at least two overcoat layers is in close contact with the surface of the passivation layer, and wherein the substrate and the supporting substrate are sealed and bonded together at a periphery thereof. “--

And all other limitations as recited in claim 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance”.

4. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d) which papers have been placed of record in the file.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Codama et al. (US patent 6,114,805) disclose an organic electroluminescent display with filter layer.
